Church History

The Hungarian Reformed Church of Columbus, Ohio is an inclusive Church. God has called the Church to proclaim to all, the word of God the Father, Son and Holy Spirit.

They worship God in ways which embrace both the rich heritage of the Hungarian Christian tradition and contemporary American forms of praise and prayer.

With each challenge we have encountered, we become stronger in our faith. We may provide links to other sites that provide more detail on our church history or particular events in our past.
